

Assignment 4: COMP 2680 (Fall 2019)

Part 1 (20 marks)

Case Problem 4 from Page 583 of the text book. Files are provided on Moodle.

Part 2 (20 marks)

Focus on Web Design

The design of a form, such as the justification of the labels, the use of the background colors, and even the order of the form elements can either increase or decrease the usability of a form. Visit some of the following resources to explore form design:

- 7 Common Web Form Design Mistakes to Avoid: <https://www.formassembly.com/blog/web-form-design/>
- 10 Tips to a Better Form: <http://particletree.com/features/10-tips-to-a-better-form/>
- Sensible Forms: <https://alistapart.com/article/sensibleforms/>

Feel free to search on your own and locate additional resources. Create a web page that lists the URLs of at least two useful resources along with a brief description of the information you found most interesting or valuable. Design a form on the web page that applies what you've just learned in your exploration of form design. Place your name in an e-mail link on the web page.
